# UNDERSTANDING OF ISO 45001:2018 OCCUPATIONAL HEALTH & SAFETY MANAGEMENT SYSTEM REQUIREMENTS

**30 APRIL 2024, TUESDAY  
9.00AM - 5.00PM  
BANGI RESORT HOTEL, SELANGOR**

ISO 45001 Occupational Health & Safety Management System specifies the requirements that an organization uses to control the workplace occupational health and safety related risk that arising from organization's numerous processes. It enables the organization to eliminate hazards and to provide safe and healthy workplaces, prevent work-related injury and ill health and continually improve its occupational health & safety performance through managing its occupational health and safety risks and opportunities. Besides, ISO 45001 Occupational Health & Safety Management System benefits to:

- Demonstrate compliance with workplace health & safety related statutory and regulatory requirements;
- Increase leadership involvement and engagement of employees in protection of employees and prevention of incidents/ accidents;
- Improve company reputation and the confidence of stakeholders through strategic communication;
- Achieve strategic business aims by incorporating workplace health & safety issues into business management;
- Provide a competitive and financial advantage through improved efficiencies and prevention of incidents/ accidents.
